Professional Summary

Frontend Developer skilled in React, TypeScript, and Tailwind CSS, with experience building responsive and high-performance web applications. Proficient in creating reusable UI components, integrating REST APIs, and delivering clean, user-friendly interfaces. Seeking an entry-level frontend developer role.

Experience

- Bioresearch Community** Bangalore / Remote
Frontend Developer Intern Sep 2025 – Apr 2026
 - Developed responsive user interfaces and reusable React components for the IGT and ProLearn platforms, improving consistency and maintainability.
 - Integrated REST APIs for dashboards and learning modules, enhancing application performance and reducing loading delays.
- Zidio Development** Bengaluru / Remote
Full Stack Development Intern Jun 2025 – Sep 2025
 - Built and deployed web application modules using HTML, CSS, JavaScript, Node.js, and Express.js.
 - Refactored frontend components and improved code structure to simplify maintenance and scalability.
 - Participated in code reviews and quality assurance processes to improve application stability.

Education

- IILM University, Greater Noida**
B.Tech in Computer Science 2022 – 2026

Projects

- LeafSense Plant Leaf Health Detector** React, TypeScript, Flask, PyTorch, Tailwind CSS
ML-enabled plant health diagnosis platform
 - Developed a web application to classify plant leaf images as Healthy or Diseased using EfficientNet-B0.
 - Built a React frontend and Flask API backend with image preprocessing and structured JSON output.
 - Added confidence thresholding and plant-image filtering for more reliable predictions.
- ProLearn – Expert-Led Learning Platform** React, TypeScript, Vite, Tailwind CSS
E-learning platform with course catalog
 - Built a scalable frontend with responsive multi-page navigation and reusable components.
 - Optimized layout and performance for a smooth user experience across devices.
- AgriDoctor Magazine Website** HTML, CSS, JavaScript
Content-driven agricultural newsletter website
 - Built and maintained a responsive content-rich website with improved page performance.

Skills

- Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript, Java, Python
- Frameworks & Libraries:** React.js, Next.js, Tailwind CSS, Redux Toolkit, Flask, PyTorch
- Tools:** Git, GitHub, VS Code, Vercel, Render
- Concepts:** Responsive Design, REST APIs, UI/UX Fundamentals, Machine Learning

Certifications

- AICTE + IBM SkillsBuild** Front-End Web Development - Certificate of Completion Sep 2025
- Zidio Development** Full Stack Internship Certificate Oct 2025

Achievements

- NCC 'B' Certificate (Leadership)** Sep 2020
